DETAILED ACTION

Allowable Subject Matter

1. Claims 1-34 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Patent No. 6,154,734 to Bailey et al, U.S. Patent No. 6,004,048 to Muh et al.

Bailey et al disclose method and system of account and printing postage indicia wherein a plurality of different country indicium are stored in a vault.

Muh et al disclose a high speed mail piece handling system where postage indicium image data are created and stored.

As per claims 1, 14, 16, 24, and 33, the closest art of record taken either individually or in combination with other prior art of record fails to teach or suggest generating postage indicium in immediate succession without accounting for the indicium and storing the postage indicium in the buffer until the buffer is full. Claims 2-13 depend upon claim 1 and have all the limitations of claim 1 and are allowable for the same reason. Claim 15 depend upon claim 14 and have all the limitations of claim 14 and are allowable for the same reason. Claims 17-23 depend upon claim 16 and have all the limitations of claim 16 and are allowable for the same reason. Claims 25-32 depend upon claim 24 and have all the limitations of claim 24 and are allowable for the same reason. Claim 34 depend upon claim 33 and have all the limitations of claim 34 and are allowable for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
